Dear Mildred,

Do you realize we've been going together over a year now (off and on)? It hasn't been smooth-sailing, but it's been fun. With my moods and your moods, I don't see how we've made it this far. Even if we break-up again, I hope that nothing happens to our close friendship.

How could I put down all the things that have happened to us? I couldn't, but I don't think I'll ever forget them and I know I won't forget you! You just don't forget things like that.

How did you remember about that black-eye I had when you came here? I'd forgotten all about it. (It was a baseball bat). I've changed a lot in that time, and you're one of the people who has influenced me the most. Good or bad, thank you.

I'll never let you forget that time I came by to see you and you had your head in the clothes-drier. That was hilarious! HA!! HA!! You looked like something Ahab dragged in. Ha! Ha! I'll have to admit though, you look pretty sharp most of the time.

Best of luck in whatever you want in the future. With your determination (stubbornness) you won't need luck though. Sorry I'm so fussy, but you ain't no angel yourself. I think you wonderful, though, and ~~love~~

P.S. Tell Nelda to watch those dreams!

I Love you,
Johnny

Love, Johnny

Dear Mildred - How nice of you to let me have this special place! I'm so glad you are going to be here two more years to continue our friendship. I have seen you do things of which I am so proud because I think it means you are growing into the finest kind of girl.
Best wishes always. Mrs. Simon

THE HORNET STAFF

As the silhouette of a person represents only the physical outline, so we, the Hornet Staff, have tried to present to you in this book an outline of the 1964-65 school year. We have tried to show the changes, the growth, and the spirit of the student body of Sarepta High School and we sincerely hope that this book will bring back fond memories of this school year.

PRINCIPAL'S MESSAGE

I would like to take this opportunity to thank the student body and the school staff for their cooperation in making my first year so pleasant.

I hope that the experiences that you have had in school this year will help to better prepare you to face life as you leave our school. To our seniors, who will be leaving us after this year, let me urge you to further your education if at all possible. The world today brings young people into greater competition for jobs than at any time in our history. Those who are best prepared will have a decided edge in the game of life.

I would like to extend my thanks to the annual staff and to Mrs. Thomas and Mrs. Green for working so hard to produce our annual.

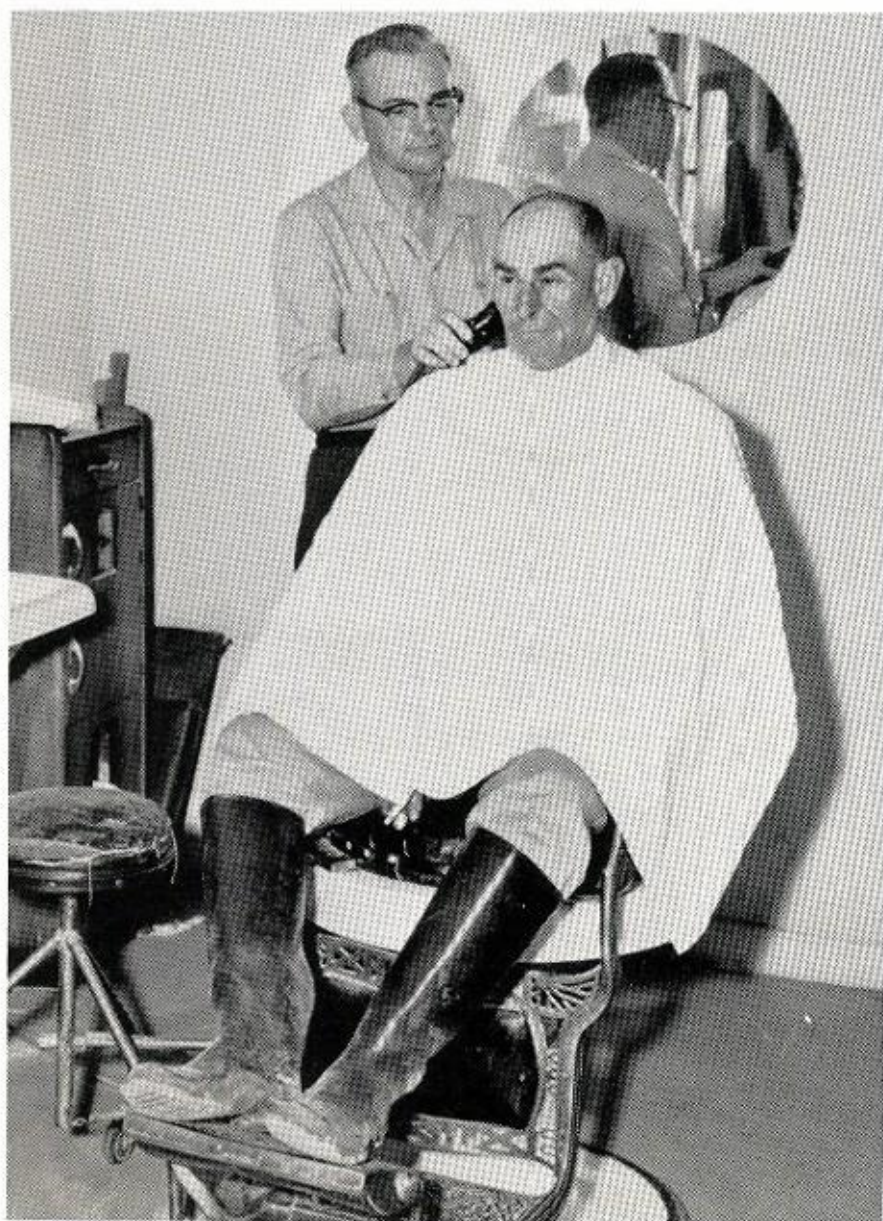

May the Lord bless each of you and direct your paths throughout life.

Harold Newsom

DEDICATION

We, the staff of the 1965 Hornet, proudly dedicate this annual to the citizens of this community who help make possible the fine education that each boy and girl receives. They have been effective in giving every student greater opportunities for learning so that he will be better prepared to go forward into the future. Without the untiring patronage and munificence of these people, it would not be possible to have the school that we have today. We sincerely wish to extend a token of appreciation to those individuals who have so unselfishly given of their time and efforts to the interests and advancements of Sarepta School.

Dear Mily,
 I've enjoyed going to school with
 you, for these past few years. We've
 had a lot of fun together at basketball
 games and at many other places. You are
 of my dearest and best friends. I have,
 or that I will ever have. Some people
 might think a few ~~among~~ us but we
 always get that straightened out.
 I want to thank you for all the
 help and other things you've done
 for me. You've always seemed to keep
 all the secrets or other things that I've
 told you, and I'm glad that I can
 trust you.

I hope that next year we
 will be able to play basketball, and
 softball together, and for the rest of our
 years in high school.
 I'm sure that you will have
 success in everything that you do.

Mildred,

We have been such good friends this last year and I really hope we can be the rest of our High School years. I've really enjoyed all the fun we've had this year. We've done just about everything together and shared many things together. We tell each other our troubles and problems and also our joy in things we do. Please try your best to calm down that temper and try as hard as you can in your school work and I know you will succeed. Remember that you do have a goal in life and always work towards that goal. I know you have many friends and everybody likes you, so stay like you are so that every one can like you. It may sound like I'm naming off faults but I'm not really, because you're wonderful. I have many friends but you + Nancy are real the closest friends I have ever had. Remember to always put God first in your life and always think things over before you do them. Well, I guess I've written enough, and I just want you to know that I love you very much + I always will. Love,

all the fun we've ever
had together and every
thing you have done
